

Chief, Space, Maintenance & Facilities Br.

11 December 1956

THRU : Chief, Administrative Staff, GPR  
Chief, Materials Division, RR

**Request for Soundproofing**

1. It is requested that celotex or other suitable substance be applied to the connecting door between Rooms 2412 and 2416 M Bldg. in order to soundproof Room 2412. Room 2412 is the Office of the Chief, Materials Division. The connecting door is not used as a passage-way and is closed at all times.

2. At the present time, conversations in Room 2412 can under some circumstances be heard in Room 2416, and vice versa. This situation is extremely undesirable, since conversations in the Office of the Chief, Materials Division, should be private, and many are highly confidential.
